

## SPORTING VENUES

### PROOF ROLLING UNDERLYING LANDFILL, ALBURY, N.S.W.

### J. C. KING PARK, ALBURY NETBALL ASSOCIATION

<b>Client:</b>	A P Delaney
<b>Location:</b>	Albury, N.S.W. (Australia)
<b>Machine:</b>	BH-1300 (8t module)
<b>Scope of Project:</b>	10 netball courts in residential area of north Albury.
<b>Details of Project:</b>	Underlying ground consisted of a poorly compacted landfill which resulted in significant surface deformation & cracking of asphalt pavement rendering courts unusable.
<b>Performance:</b>	Impact Roller proof rolled immediately upon the existing asphalt surface to induce significant settlement which was monitored & recorded using survey equipment until settlement ceased.
